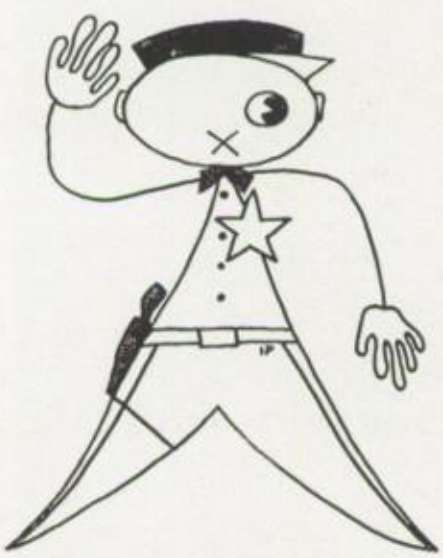
Hi !



I'm Lute

I'm Sally

For the Graduates of 1954, we

Salute . . .

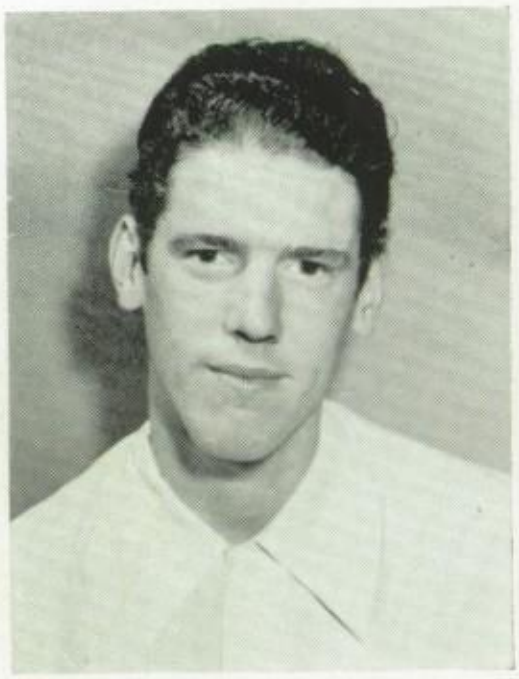
Shirley Darmstaedter

Meet Queen Shirley. Better known as Shirley Darmstaedter. Shirley was crowned Queen of the Bowling Green Invitational Basketball Tournament, which took place over the Thanksgiving holidays of 1953. She is the first girl from Hadley to be so honored. The voting was done by popular vote.

The tournament started Thursday, in which Hadley met and defeated Farber. On Friday the Hornets defeated Fulton. The next day the Pep Club arrived and Shirley was placed on the list of candidates. That afternoon the basketball team defeated Wellsville. Saturday evening the team met Montgomery City. They made a fine showing but were defeated, thus giving the Hornets second place in the Tournament. After the last game the royal proceedings began.

There were four other maids before the Queen entered. Everyone was very excited when it was announced that the Queen of the Tournament was to be Shirley Darmstaedter of Hadley Technical High School. She received a string of pearls, a trophy, a beautiful crown, which are on display in the trophy case. The Queen also received a huge bouquet of red roses. Shirley made a very excited, but poised, and pretty queen. She said afterward that she was very proud to be chosen the representative of the great school she is now attending.

Wilfred Lackey



Will Lackey, Hadley's six foot four forward, and a senior, was awarded a good sportsmanship trophy at Elsberry, Missouri, November 14, 1953. He was chosen by the referees and officials for his demonstration of outstanding sportsmanship during the tournament. It is an annual award given by a merchant in Elsberry.

Will wants everyone to know that this couldn't have been possible for him without the cooperation and good sportsmanship of his team mates.

During the week of January 23, 1954, Lackey was chosen as Prep Player of the Week. This contest is held weekly by Station KXOK, and the winner is chosen by popular vote.

On Thursday, January 28, 1954, Will was interviewed by Franc Laux on his sports broadcast because of his winning.

In March there will be a banquet given for all Prep Player winners including their coaches and principals. This award will be presented to Will at this banquet. He will also be eligible for the Prep Player of the Year Award.

Pauline Grunwald

For her essay . . .

Win or Lose - Hadley

School spirit has to come from inside of you. You have to feel it to know it's there. No one is going to hand it to you on a silver platter and say, "Here! Here is your school spirit. Do with it what you want." You and I both know this isn't going to happen, but that is what some students actually believe.

You must join the various activities and clubs in the school. If you can't possibly join an activity, you can at least give Hadley your moral support by taking a personal interest and pride in it. The boys on the athletic teams get more encouragement and will try harder when they know they have their school in back of them. To go to school is one thing, but to know that you are a part of it and that you help to build its reputation is another. Some students work on Friday and Saturday and can't go to the basketball games. That's true, too, but don't forget there are different clubs that meet on a weekday: the Rifle Club, Bowling Club, Choir, and many others.

Everyone knows that when they start working in the world they will meet many people. Joining some activity or club is an excellent way to prepare yourself for your future life. So I say, let's start backing up our school now!! Win or Lose, this is our Hadley!

The Voice of

by Delbert Lee Dace

Hello! Fellow Americans! I am speaking on a great subject.

As a young person of America I feel most fortunate that I live in this land of Democracy. For under a Democratic government I have many valuable privileges.

We must not forget, that we have a government of the people, by the people, and for the people with equal rights and justice for all.

We are all part of the growing America. But the America of tomorrow, will depend on what we learn and what we do now. We must learn OUR duties as citizens so that we can help the America of today. And we must study the HISTORY and FUNCTIONS of OUR government. In this way the America of tomorrow will have a brighter future.

OUR Democracy has a strong foundation based on the principles of three great documents —the Mayflower Compact, the Declaration of Independence and the Constitution of the United States. We obtained this way of life through the struggles of OUR forefathers, who had the faith, the courage, and the foresight to fight and hold on to these principles so dear to their hearts and so important to their lives.

Because of these great men of the past and the great men of today OUR Democracy is established and is thriving throughtout this land today.

Now let me tell you about the freedoms of Democracy, that are guaranteed to us by the Bill of Rights in the Constitution of the United States.

We have Freedom of Religion. We are able to attend the church of OUR own choice. Because of this, we may see the beauties of God's law and feel the quickening power of His wonderful love. By this freedom I am given a broader faith, a brighter hope, and a stronger love for my fellowman.

We have Freedom of Speech. We have the freedom and the pleasure of expressing OUR own opinions about the government and its officials. These thoughts and beliefs of Democracy that I am voicing at this moment, are good examples of this Freedom of Speech.

We have Freedom of the Press. We have the freedom to

Democracy - 1953

Hadley Tech Winner

express OUR own ideas in writing. We also have a great selection of literature, from which we can choose OUR daily reading. OUR various newspapers and magazines print varied opinions and thoughts on subjects of importance, in our daily lives in this country and the countries across the sea. There are no LAWS keeping ME from reading books of my own choice, whether they be on history, comedy, or current events.

We have the opportunity for an education. We have the opportunity to obtain a good education in well organized schools, taught by excellent teachers. I will graduate from high school soon and intend to further my education by going to college. This opportunity of education has not always been OURS. I am going to take advantage of this opportunity, for without it, I would not be able to plan my future education.

We have the choice of a career. We are free to plan OUR own career, doing the kind of work we wish. Choosing the field of employment in which OUR talents fit. We are able to quit a job when we think it is not suitable for us. I plan to follow the field of art as a career. With hard work and study, the help of my counselors and God's will I can achieve my ambition.

We have Freedom in OUR Social Life. We ae free to make our own friends and choose OUR entertainments. By being friendly we GET acquainted socially with many different personalities. We learn how to GET along with OUR fellowmen. In OUR American way of life I can choose my own entertainments. I can go on hayrides, go to rollerskating parties or go to the movies, and I can compete in all types of sports.

All of these freedoms which we enjoy are OURS to keep. They will be with us as long as we do not forget that this DEMOCRACY must be lived . . . IT must be understood, and IT must be fought for by the people. I also remember what it stands for and what it has cost us. The cost is greater for those who loose these precious freedoms.

Each morning when I arise I am thankful. I am thankful for living in this great land of DEMCCRACY.

Miss Murphy

Miss Paulette

On October 25, 1953, a large group of Hadley's faculty attended a retirement party given to honor two of Hadley's teachers who had reached the stage of retirement. During the festivities, Miss Murphy and Miss Paulette were cited for their wonderful service to Hadley in particular, and the teaching profession in general. The Flame and Steel wishes a long and pleasant retirement for Miss Murphy and Miss Paulette.

Farewell to Hadley

by Mary Klees

FAREWELL TO HADLEY is a phrase we dread to say
For this will mean that it is time for us to go away.
Away from our friends, activities, and such
Away from the school we love so much.
Ready to go out into life seeking Truth
Ready are we, this class of Youth.
Excited and happy, yet afraid and so sad
Each one of us thinking of the joys we have had.
We are the students who now must depart
We must go out alone, but with pride in our heart.
Easy for others to say good-bye
Especially hard for us at Hadley High.
Laughter and gaiety no more to enjoy—the
Loveable smiles from each girl and boy.
Leaving a school as great as this
Leaving this school is *woe* not *bliss*.
To graduate is a thrill, but yet
To graduate from Hadley we all regret.
Of course we are proud, but mostly we grieve
Oh Hadley Tech., we dread to leave!
Happiness, sadness, and tears we will show
Hadley we love you, how can we go?
Away from your warmth, your welcoming arms—
Away from a school with so many great charms.

by Sharon Norton

I have grown to love you
In the years I've spent
Receiving all you gave me
And taking it content
You gave me strength and courage
You've taught me most I know
And now I anxiously await and dread
The time when I must go
I know I won't forget you
And the things I cherish dear
The many talks, the baseball games,
The joy that I've gained here
The people I have met
The things I've done and heard and seen
Will remain as precious memories
In my life serene
You've made all my preparations
To make a life my own
And now I'm graduating
To smooth the way alone
So I make my humble tribute
To a school, which pleasantly
Has formed a place within my heart
To fill eternally
Farewell to you, dear Hadley
May you stand forevermore
To give to others waiting
The life we all adore

. . . a new club at Hadley -- the . . .

Human Relations Club

Better relations among humanity is truly a necessity in this world of turmoil. With better human relations, the bitterness and confusion that is thriving throughout this world today can be conquered.

One way to conquer this confusion is to develope better relations amist the youth of the world. In this way, a better understanding among humans will grow with the youth of today, and the world of tomorrow will be a better place to live.

The United States has started to embed better relations among the youths of America through the National Conference of Christians and Jews. The N.C.C.J. has established Human Relations Clubs in the high schools through out the United States. The main purpose of these high school clubs is to promote better relations among the students, the schools, and the community.

Hadley has such a Human Relations Club. Our club is considerably young compared to the clubs in the other schools throughout the city and county.

Every year around Brotherhood week the Youth Conference of Greater St. Louis meets at Soldan Blewett High School for a full day of human relations. This great gathering of 2000 students of all races, creeds, and religions has been meeting annually for eight years.

For the last four years, Hadley has been well represented by a fine group of students at this Youth Conference.

The students from Hadley that attend this conference consist of members of the Human Relations Club.

Hadley's Club is open to all students from freshmen to seniors. The club's able sponser is Mr. Statler; he has been sponsoring the club for the last four years.

The president of the club is Delbert Lee Dace. Del is also on the steering committee that plans the City-wide Youth Conference.

The secretary is Carol McGrath. This is Carol's first year in taking care of the club's notes.

Pep Club

The Pep Club was organized in the fall of 1953 at the suggestion of Mr. Pitts. Its purpose is to get the student body to support our athletic program and by means of their enthusiasm, spur the athletes on to better results.

To be a member of the club one must pay a dollar dues and buy a season basketball pass. All athletes are encouraged to be members and all the cheerleaders are members. Pep Club members are furnished with beanies, shakers and a badge.

The Pep Club elects three new officers every term. These officers are chairmen, secretary and treasurer. This term the officers were Bernadine Colombo, chairman; Theresa Capraro, secretary and Sally Tomerlin, treasurer.

The Pep Club is a wholesome means of entertainment and tends to teach the students the value of good sportsmanship. It is a wonderful organization and we are proud to have it in our school.

Hadley's Rifle Team

Front row: Vearl Brown, Paul Williams, and Bob Mason.
Second row: Ronald Spindler, Eugene Heineman.
Standing: Ed Hart, Charles Foulks, Elmer Welch, John Heineman, and Coach, E. G. Franke.

Hadley's Rifle Team won all their league matches and became the Northern Division Champions of the Greater St. Louis Junior Rifle League.

Vearl Brown won the Piasa Open Galley Shoot Junior Championship and placed first, two seconds, and one third in the Greater St. Louis Metropolitan Rifle Shoot Off.

In the shoot off for the NRA Club medal, Ronald Spindler won the medal with the score of 183.

These boys represent Hadley's sportsmanship and spirit. The club is fine for boys interested in this sort of sport. It develops their skill to a large degree.

The Flame and Steel extends sincere congratulations to Mr. Franke and the boys on the team for the fine work they did this season. We also wish the team good luck for next season.

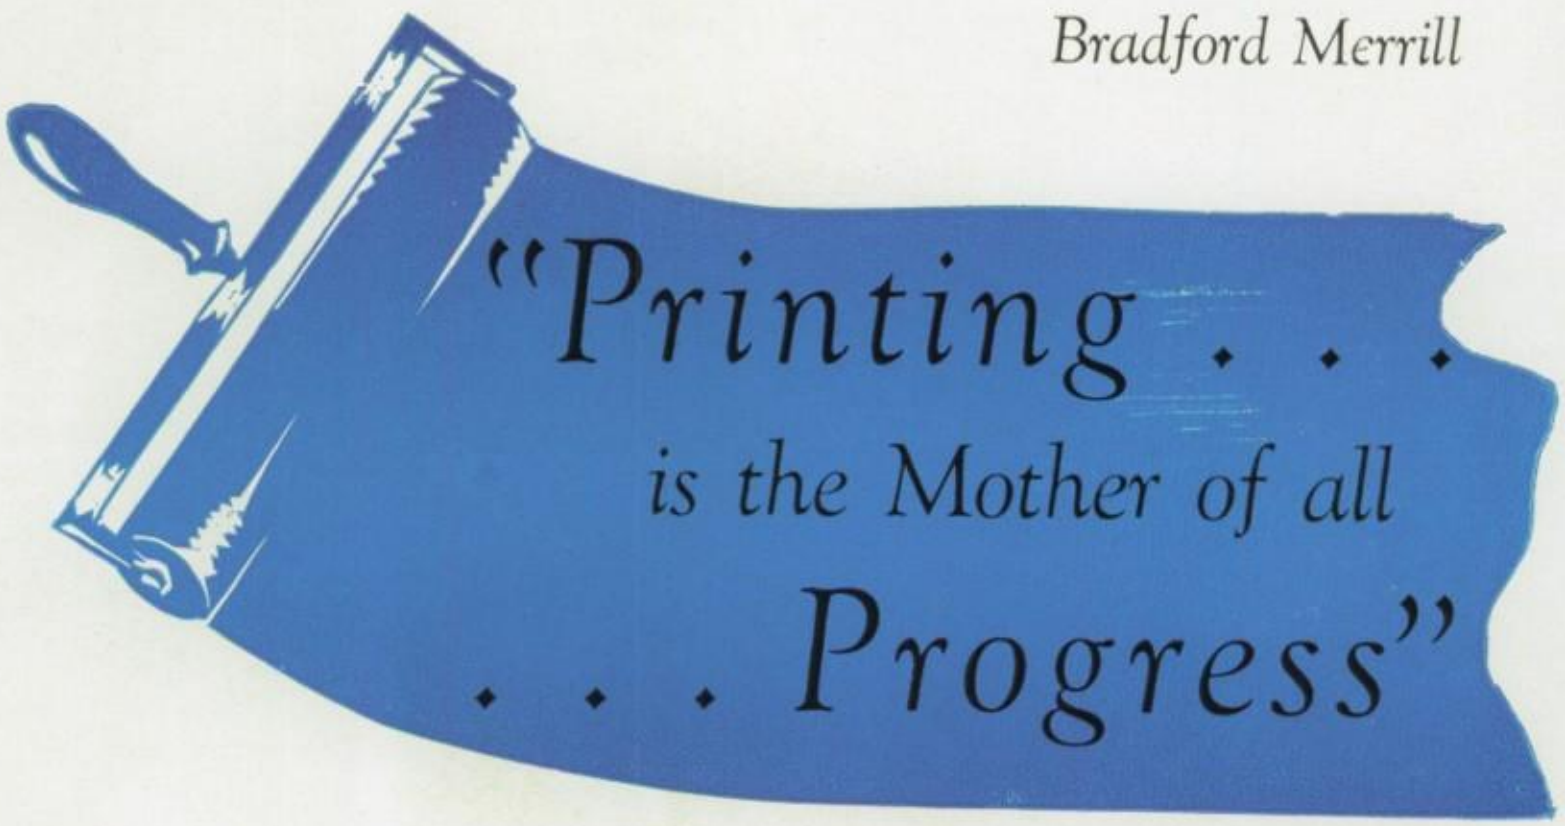
Following the invention of movable type, the art of printing has done more to diffuse knowledge and intelligence than any other single influence in the history of the world.

Bradford Merrill



PRINTING, given to man, that he might have increased enlightenment and understanding, has become one of America's most essential professional industries. Printing records man's past and present achievements, inspirations . . . knowledge . . . thus serving as an unending font of inspiration from which he can build to more towering heights. Finally, printing, ever since its inception, has been the right hand servitor of the educators in their unending task of teaching the nation's citizens of today . . . . . and tomorrow.

Senior Ring Day

President Frank Mirielli receives the first Class Ring

As the Day Draws Near

by Robert Hardester

We are nearing the time of our departure from Hadley.
And now before our minds flash recollections of things which
we have sometimes done badly.
Through our years of study, as freshmen, as sophomores, as juniors,
and as seniors too.
We have gained an education of knowledge which we never
dreamed of or knew.
As freshmen we were small beings in the shadows of these
great and stalwart walls.
And now as seniors we have become stalwart and ready for all,
yes, all jobs which we might encounter small or tall.
Through our years at Hadley we have enjoyed many things quite well,
and through the years we have always waited for the dismissal bell.
Oh yes! This bell which we have sometimes waited on to ring.
It now reminds us of a sad thought with a loud ting-a-ling.
For now the time of our departure draws near.
As we come to the end of our last Hadley year.

Cheerleaders

Hey! you're PEP! That could well describe these girls you see at every game leading the crowd in a cheer for good old Hadley Tech. You can also see them at all Pep sessions.

The captain of this high-spirited group is Judy Columbo, who is a June graduate. The Co-captain is Shirley Darmsteadter. The other seven girls are: June Miles, Frances Tourner, Pat Duchek, Gerry Gibbs, Anita Tomerlin, Darlene Hosking and Rosemary Huenerhof. The temporary sponsor for this term is Hadley's newest coach, Mr. Pitts.

These girls are very much responsible for the new school spirit that the Kids at Hadley are showing.

Ralph Contestabile, Editor; Robert Weber, and Robert Welhoelter, Assistant Editors for Spring term.

Dance Orchestra

STRIKE UP A TUNE

It's the Hadley orchestra that is directed by Mr. Tucker. Hear that drum being played by one of the two drummers, Joe Messerly and Thomas Scott. The "sad sax" is being played by Ralph Frechter and Thomas Williams. The two men on the horn are Charles Redecker and George Rupke. The"sliding trombone" player is Joe Zimmerb. Hear that "hot fingered" piano team, Nancy Maurer and Mary Nix. They all get together to form one swell orchestra.

The Hadley orchestra is a jivy group that plays at our school dances and Pep Club meetings. They are doing a fine job in presenting our school with rhythm and enjoyment.
